Mountains & Minds

www.montana.edu/international/education-usa

The EducationUSA Academy at Montana State University gives international high school students the chance to improve their English skills, learn about the U.S. university system, and interact with the many cultures of the U.S., while enjoying the natural beauty and vibrant community of Bozeman, Montana.

Students will participate in:

- An intensive daily English course
- Workshops focused on the U.S. university system, the application process, and building skills for success in higher education
- Weekly team building and leadership sessions
- Tours of multiple colleges and universities in Montana
- Cross-cultural interactions and courses
- Weekly excursions which include Yellowstone National Park and the Museum of the Rockies
